Experience

DataMart Direct Inc

6/17/13 - Present

Programmer: Work within various CMS to create and launch email campaigns and PURLS that allows a user to securely view their unique data. Making sure each user feels welcome with a clear user interface and seamless navigation with the help of HTML/CSS. Also manage and maintain online orders to be brought to press.

Nuzoo Media

3/8/13 - 6/24/13

Web Design Intern: Work within the Wordpress framework, coding HTML, PHP and CSS with the help of CodeIgniter and a WAMP server. Making sure the project works across all devices, while keeping the clients approved design.

Proficiencies

- Able to design, develop and create web pages based off a client's vision for various projects.
- Merging HTML5, CSS3, JavaScript and JQuery in order to create any design.
- Keeping up with the latest design and coding trends.
